Public Notice

Tajiguas Landfill

**Solid Waste Facility Permit (SWFP) #42-AA-0015
14470 Calle Real, Goleta, CA 93117**

Joint Technical Document Amendment

**Received from the Santa Barbara County Public Works Department
Resource Recovery and Waste Management Division
(Public Works) on August 22, 2016**

The operator, Public Works, requests an amendment of the Joint Technical Document (JTD) for the relocation of the administration, employee and engineering support office trailers, along with other support facilities, to a temporary location on the landfill. The relocation is planned to allow grading in preparation for construction of the Tajiguas Resource Recovery Project (TRRP).

Changes reflect updating quantity of materials received, status of Closure and Postclosure Maintenance Plans, drawings to include current topography, life expectancy, a new landfill gas treatment system, discussion of the proposed TRRP, fill sequencing with engineering design plans and landfill construction phasing. The updated pages are to be inserted into the May 2014 version of the JTD.

Environmental Health Services (EHS) as the Local Enforcement Agency (LEA) under the California Department of Resources, Recycling and Recovery (CalRecycle) accepted the Application for filing on September 21, 2016.

Additional information about this Application will be available at the EHS offices located at 225 Camino del Remedio, Santa Barbara, CA 93110. Inquiries for Public Works may be directed to Deputy Director, Mark Schleich or to Program/Business Leader, Imelda Cragin at 130 East Victoria Street, Suite 100, Santa Barbara, CA 93101, or by phoning (805) 882-3600.

Please contact Senior Environmental Health Specialist, Lisa Sloan at (805) 681-4942 if you would like to provide comments on the JTD amendment or the Application. The Application is available for viewing at: www.countyofsb.org/phd/environmentalhealth.aspx. Comments received on or before October 26, 2016 will be considered by the LEA.
